### **Art and Design:**

We provide a template for the label art with no additional fees. Our inhouse art department can provide graphic design assistance. Fees dependent per project on an hourly rate. Shrink wrapped cans are provided with no additional fees –Inline label application requires additional labor fees of \$250.

### **Customized Flavor Profiles**

If you can dream it, we can develop it. Our experienced formulators will work with you to create a unique and custom flavor profile per project. All additives are procured from organic and natural sources. We provide up to 5 samples per project (additional samples \$20 per). Alterations will be subject to additional fees per batch. Prices are based on sparkling water flavorings. Additional costs per project dependent on beverage options.

### **CBD Upgrades**
